Uses **starchless manufacturing** setting high standards for hygiene, efficiency and product quality.

Capability to manufacture **wide breadth of gummy technologies** across key nutritional categories:

### Why Funtrition®?

**20+ years of experience** manufacturing gummies.

Flexible, agile product development process with more than **300+ gummy formulations developed** and **50+ gummy launches every year**.

**Key partners in portfolio renovation** delivering a breadth of gummy technologies and exceptional sensorial experiences for brands and consumers around the world.

**Interdisciplinary R&D team** with deep expertise in gummy product design, formulation, prototyping, and much more supported by our Inspiration Center.

**Robust quality system** based on industry-leading regulatory expertise with pharmaceutical background and standards.

### Why go starchless?

At Funtrition®, we revolutionize the world of gummy manufacturing with our cutting-edge **starchless process**:

**Visually Appealing:** Guarantees uniform gummies with delicious flavors, appealing to even the pickiest of consumers!

**Allergen & Gluten-Free:** Eliminates allergens like wheat or corn-derived starch, making our products allergen & gluten-free.

**Controlled Ingredient Dosage:** Maximum control over ingredient deposition, ensuring precise dosage needed in each gummy for desired health benefits.

**Environmental Protection:** Minimizes environmental impact by reducing waste and simplifying ingredient lists.

“Gummies are now the single most popular **supplement delivery Format**”\*

“Gummies are the **rockstars** of the supplement market!”\*
