funtrition®

ART & SCIENCE
YOU CAN TASTE
YOU CAN TRUST

At Funtrition®, **Art and Science come together to transform gummy supplements into memorable experiences.**

Art you can taste through creativity expressed in **flavor, texture, and design,** and Science you can trust through **rigorous formulation, robust quality systems, and deep regulatory expertise.**

Inspiration Center

At the heart of our creative process lies our Inspiration Center a space where imagination meets expertise to accelerate innovation. **Here, we explore flavors, textures, and formats to craft differentiated gummy experiences that captivate consumers.**

Technologies

Side by Side

layer-g
Layered Gummies

By combining trend-driven insights with deep formulation expertise, we rapidly develop and prototype new concepts tailored to evolving market demands.

This collaborative approach enables faster decision-making, reduces development timelines, and helps our partners bring bold, market-ready products to life with confidence.

Top flavors

Strawberry · Orange · Mango · Peach · Passion Fruit · Cranberry · Mixed Berries · Lemon · Apple · Watermelon

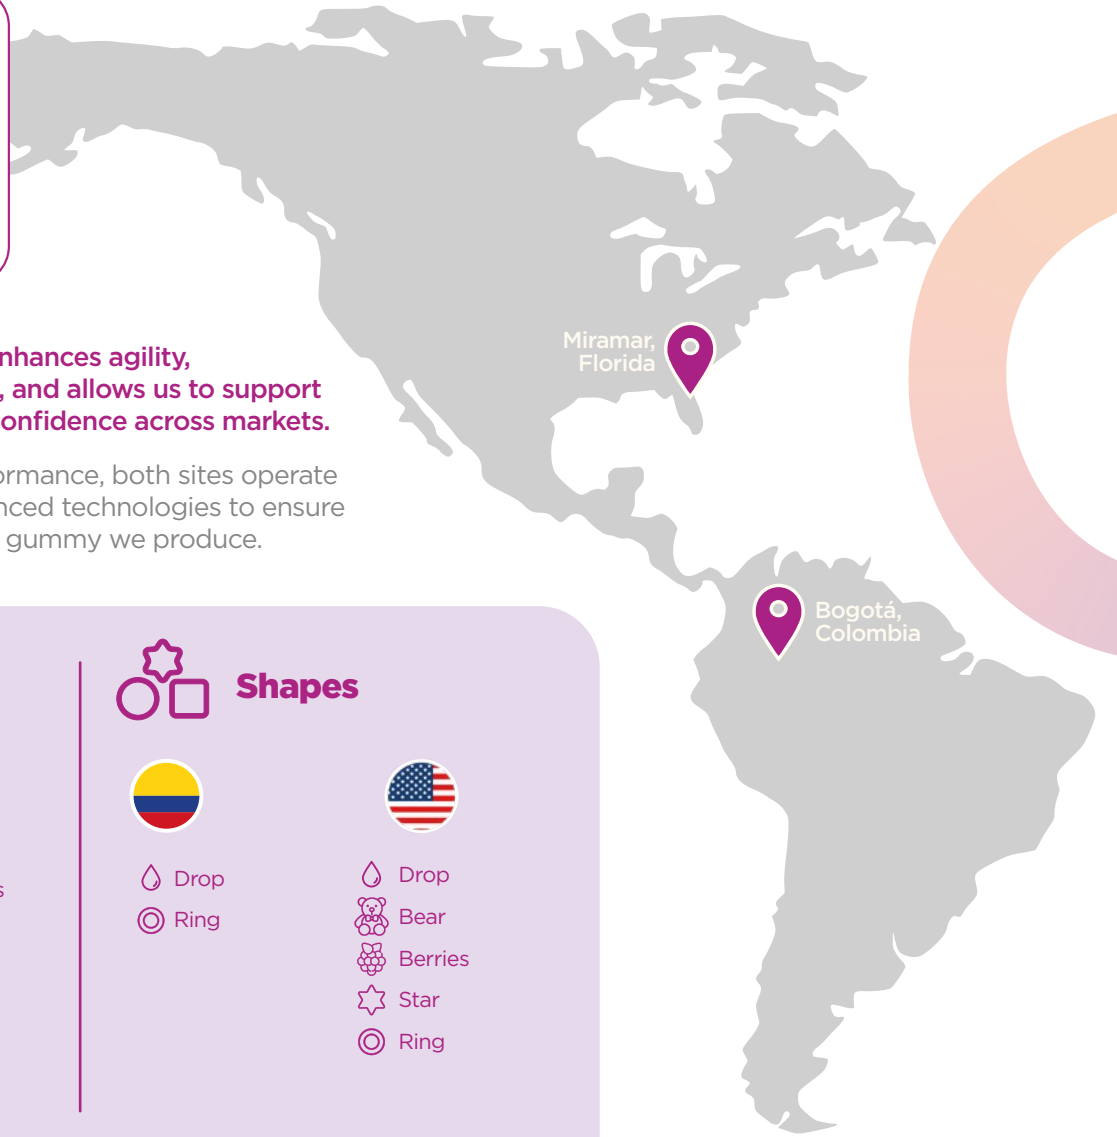

Capabilities

300 tons per month

62,000ft2

44,100ft2

cGMP · NSF · Health Canada · FDA

This dual manufacturing footprint **enhances agility, strengthens supply chain resilience, and allows us to support brands with speed, reliability, and confidence across markets.**

Built for precision, quality, and performance, both sites operate under rigorous standards and advanced technologies to ensure consistency and excellence in every gummy we produce.
