

Hooray for center-filled gummies!

...The indulgent experience really lives up to the high expectations, as well as the sensorial experiences that can blow anyone's mind! Who doesn't love tasting an explosion of flavor and having a top-notch sensorial experience while chewing a delicious nutritional gummy?

Specialized development

Liquid explosion!

Could be made of gelatin, pectin or a combination of both

Ideal for gut health, immunity & beauty products

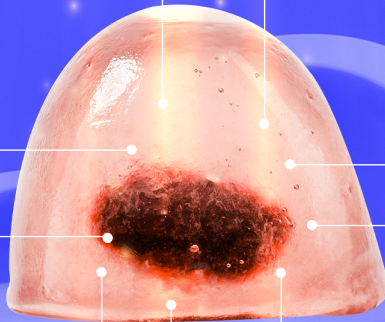

A Fill-g gummy needs to be 4gr or more

Amazing sensorial experience

2 flavors at the same time

Can be sugar coated or sugar-free

2 mixtures collide to create the perfect gummy!

Thinking about ideas that seem impossible?

Our Fill-g™ gummies are all about prestige. This gummy technology is made through a blend of high and low temperatures. When the high temperature outer shell activates gellify and encapsulate the low temperature actives, it means that the perfect gummy has been created...
