Powered by
GLUCO VANTAGE®

Powered by NNB Nutrition's **GlucoVantage®**, the first commercially available brand of Dihydroberberine (DHB) proven to be 5x more effective than standard berberine, **VitaB gummies provide superior bioavailability and absorption, while avoiding the common gastrointestinal issues** associated with traditional berberine supplements.**

With an enticing peach flavor, this gummy uses one of our most recent and revolutionary proprietary technologies, **GummieX™**, to offer a heat-resistant solution

with ideal performance in regards to color, texture and flavor.

VitaB super berberine gummies **combine the science-backed power of GlucoVantage®** with the single most popular and practical supplement delivery format in the market: gummies! **Featured as the top performer in 2023 by Nutraceutical Business Journal***** gummies have become one of the most convenient, fun, and indulgent ways to consume nutritional supplements.
